

THETFORD FRIDGES

3 YEAR WARRANTY

Everything cool? Then let the holidays begin.

You love to get away from it all every once in a while - away from the hustle and bustle, in search of rest and relaxation. With a Thetford fridge you will always be comfortable on your journey. The new **THREE WAY THETFORD FRIDGE** will keep your provisions fresh, tasty and reliably cool whatever the outside temperature. So you can make the most of your well-deserved rest.

Because our fridges have no compressor, they are far quieter than your fridge at home. So your enjoyment of your cosy caravan or motor home won't be disturbed. Thetford three way fridges are designed and manufactured for Australia's harsh conditions and come with a **THREE YEAR WARRANTY**. In addition, the fridges are CFC-free and AGA (The Australian Gas Association) approved to the latest Australian standards. In short: Thetford three way absorption fridges are top quality!

THETFORD

ACCOMPANIES YOU.
